

METAL EARTH™

3D LASER CUT MODELS

It is highly recommended that you visit www.fascinations.com/metalearth360/mms267 to see the completed model before assembling your own

mms267

To create the best connections

Insertion tabs are inserted and then folded
Insertion holes
Fold lines can be seen as shown here

Needle nose pliers are helpful for assembly

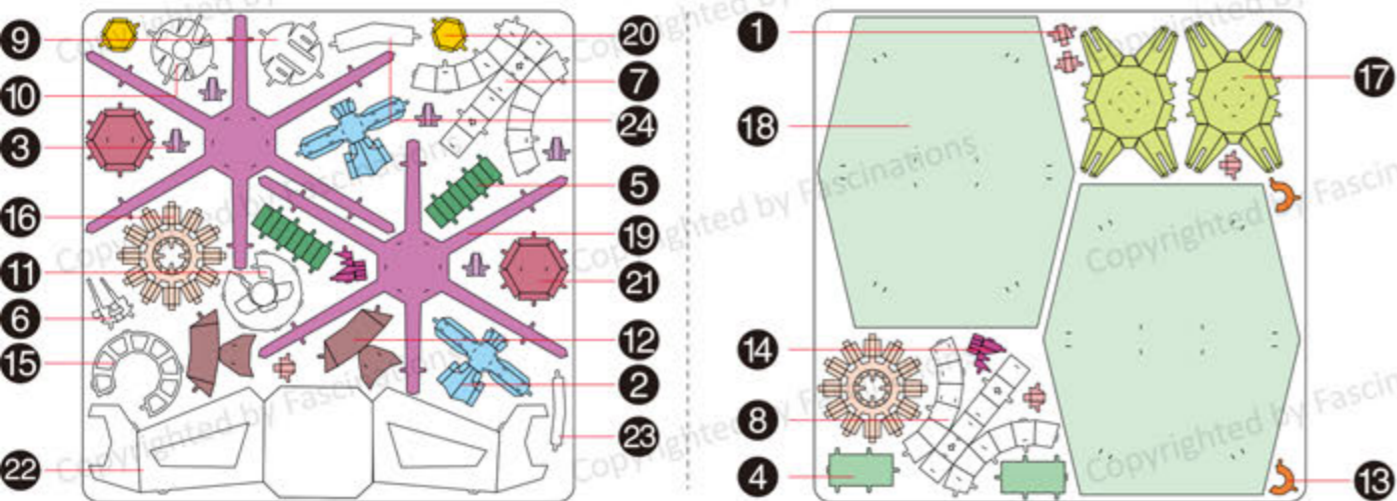

● Insert tab and bend 90 degrees for most visible areas

▲ Insert tab and twist 90 degrees is best in some areas to ensure a tight connection

Pull and Screw metal tab 90° to tighten

Metal sheets

In order to avoid possible injury from sharp edges, please carefully discard the metal sheet after parts have been removed
